

CORONAVIRUS NEWS: CORONAVIRUS NEWS

Bunny Neighbour Support

As the coronavirus pandemic grows, there will be an increasing need for our community to pull together and support those who need to isolate. The kind of help people need will vary but could include delivery of shopping, collection of prescriptions, or - for someone living alone - a regular phone call to check they are okay. To make self-isolation effective, close contact with other people must be kept to a minimum, therefore ideally each person needing help will have this help provided by just one or two persons. To try and achieve this, what we plan to do is to establish a buddy system, where everyone in need of support is given details of a buddy who is willing to help them during this time.

Most people will probably have good support from neighbours and friends. Our plan is to provide a buddy for those who don't have support, or their support becomes unavailable.

We will put together a list of those people who are willing to be buddies. Then if a resident requires support they can contact us and we can pair them with a willing buddy.

If you are willing to be a buddy or to help in anyway, please contact the team below. We will ask all buddies to provide an email address and phone number. We suggest that all buddies keep themselves up to date with any government guidance with regards to social distancing. If you require any help, please also contact one

of the co-ordinators below.

This is being supported by the Parish Council. If any other Bunny residents have already started co-ordinating activities, please can you let us know so we can work together. And thank you so much to those who have already come forward to help out.

A message from Bunny Parish Council

We would like to wish you all well for the next few months. As the Coronavirus (Covid-19) hits the UK, there will be some challenging times ahead.

The response for offers of 'buddies' in Bunny has been heart-warming, and it is very kind that so many people are ready to help others.

Let's keep spirits up and continue to support each other.

Please stay healthy.
